DAAD- Department of German Studies Research and Study Abroad Funding Opportunities

**Study Scholarships - Master for All Academic Disciplines.** This scholarship provides funding for a whole postgraduate or Master's degree program completed at a state or state-recognized university in Germany or one year of study in Germany as part of a second or Master's degree completed at your home university. The scholarships are awarded for the duration of the standard period of study for the chosen program (up to a maximum of 24 months). German language requirements depend on the nature of the program. The deadline for applications are typically in early November (please check the DAAD’s website for more information).

The **short term (1-6 months)** and **long term (7-12 months)** Research Grants. These scholarships are for PhD candidates or students with a completed master's degree. They provide funding for a research project or course of continuing scientific education at a state or state-recognized institution of higher education or a non-university research institute in Germany, which is being carried out in coordination with an academic adviser in Germany. The deadline for applications are typically in early November (please check the DAAD’s website for more information).

**RISE Professional.** RISE stands for Research Internships in Science and Engineering. RISE Professional offers fully funded summer research internships in Germany (10 weeks to 6 months) to Master’s and Ph.D. students from USA, Canada, Great Britain or Ireland at leading German companies and non-university research institutions with strong relations to industry. The program is open for students in the field of biology, chemistry, computer science, physics, earth science, engineering or a closely related field. The window for applications is October 15 - November 30.
