

EMORY NURSING

Presentations

Cherie Cofield presented a poster at the 52nd Sickle Cell Disease Association of America's National Convention.

OSU "Fourth National Summit on Promoting Well-being and Resilience in Healthcare Professionals" conference. (October 2024)

Presentations:

- Suicide related survivorship: Understanding the influence of protective factors and risk factors on student nurses' well-being and academic career (**Ursula Kelly**)
- Nursing students' experiences of suicide loss and suicide attempt survivorship: Implications for suicide prevention and postvention (**Chelsea Hagopian**)
- Leveraging research on reported suicidal thoughts and behaviors to improve the perceived support for students in the setting of one School of Nursing (Shelby Collins)
- Factors Contributing to Burnout in Advanced Practice Providers (Danielle Miltz & **Heather Meissen**)
- The right stuff: intervention, context and facilitation, using a framework to sustain well-being support (**Ingrid Duva**)

Poster:

- Well-being Matters: Testing a Short Scale to Measure Perceptions of Interprofessional Teamwork (**Ingrid Duva**)

Ike Choi has been invited to deliver a keynote at the 18th International Conference for Nursing Students in Memory of Dr. Sancho Chun and the 100th Anniversary of Keimyung University's College of Nursing, Korea. Title: Inquiring Minds, Impactful Outcomes: The Research Pathway for Future Nurses (November 27, 2024).

Melinda Higgins will present at the American Heart Association – Scientific Sessions Conference. Oral Presentation: 4146047 During Session: Nursing Science and Heart Failure. Title: Improving Heart Failure Caregiver Competency Improves Caregiver Burden, Sleep and Mental Health (co)Authors: **Melinda Higgins (presenter), Sandra Dunbar, Rebecca Gary, Brittany Butts.** (Nov 18, 2024).

Paula Tucker was an invited panel speaker at the AIMed24 conference in Orlando, Florida (<https://aimed.swoogo.com/GS24>). AI for social determinants of health (November 2024). This panel will delve into the critical role AI can play in addressing social determinants of health (SDOH) to improve health outcomes and reduce disparities. By analyzing factors such as socioeconomic status, education, environment, and access to healthcare, AI-driven insights can guide targeted interventions, policy decisions, and resource allocation. Panelists will discuss real-world applications, from predictive analytics for at-risk populations to personalized support programs, as well as the ethical considerations and challenges in leveraging AI to address SDOH. The session will explore how health systems, researchers, and policymakers can collaborate to harness AI's potential to promote health equity on a large scale.

Jennifer Adamski, President of the American Association of Critical Care Nurses, will speak on national regulatory & legislative issues affecting acute & critical care APRNs & discuss current & future state of the nursing & APRN workforce. National American Nurses Association Organizational Affiliates Conference Rochester, MN (November 2024).

Baker, H. Nunez, L., Downes, E. (2025). Implementation of Sustainable Experiential Learning in Global Health for Pre and Post Licensure Nursing Students. Poster Presentation at the International Council of Nurses Congress. June 9-12, 2025, Helsinki, Finland.

Autherine Abiri presented a poster presentation for the Emory in Motion Program. Quyen Phan is the PI for this HRSA grant for Emory in Motion and co-author for the poster presentation. We also collaborated with the PEQI team members. **Abiri, A., Sanders, A., Rhone, K., Fils-Aime, R., Makan, M., Pappalardo, M., Phan, Q.** (2024) Enhancing Competency in Social Determinants of Health: A Pilot Interprofessional Simulation for a Mobile Health Training Program. American Association of Colleges of Nursing Transform, Faculty Leadership Network Preconference, New Orleans, LA. (peer-reviewed poster).

Stacy Buchanan's abstract submission Pediatric Vaccine Hesitancy and Families Seeking Care in the Urgent Care Clinics has been selected as Oral Presentation for the 14th Annual Nursing & Allied Health Research & EBP Symposium. February 7, 2025 - 7:30pm. Hellenic Center, Atlanta, GA.

NONPF 51st Annual Conference

Stacy Buchanan's abstract submission, Innovative Approach to Summative Simulation for Pediatric Primary Care Nurse Practitioner Students, has been accepted for a Faculty Poster presentation.

Jeannie Rodriguez's abstract submission, Integrating Social Determinants of Health into Nurse Practitioner Education, has been accepted for a Podium presentation. Jeannie will co-present with Stacy

at the 51st Annual NONPF Conference, Re-envisioning NP Education to Lead the Future. Denver, CO (April 9-13, 2025). <https://www.nonpf.org/page/AC25SpeakerResourceCenter>

Alex Fedorov's abstract, Digital Clock Drawing and Recall Enables Rapid Cognitive Screening in Acute Ischemic Stroke Care, has been accepted for presentation at the American Heart Association's annual International Stroke Conference 2025. Los Angeles, CA (February 5 – 7, 2025).

Alex Fedorov's abstract, titled "Neuropsychiatric Inventory and Instrumental Activity of Daily Living Predict CSF-Based Diagnosis Across Amyloid-Tau Pathologies in Alzheimer's Disease", has been accepted for an ePoster presentation at the 19th International Conference on Alzheimer's & Parkinson's Diseases (AD/PDTM25)! Vienna, Austria (April 1–5, 2025).
